				.
				excellent
				good
				.
				you have to make course outline up-to-date and design the crdhrs as per the semester , last semester students w orkload.
				very helpful
				all is good
				good
				give real life examples in assignments and exams so the w eak students can relate to course quickly and easily.
				asdfaf
				in the last semester, there are four labs. please remove them becoz in the last semester, students have to w ork on fyp.

				this program is very helpful but theory part should be less and practically should be high .
				i think w hat the program is missing is the ability to adapt to new technologies and trends.
