

INTERNSHIP SURVEY : PAC KAMRA Fall 20 BESE

Report run on: April 13, 2023

Page 9 of 9

Program: **BESE** Batch: **FALL 2020**
 Survey Id: **321** Survey Title: **Internship Evaluation**

Question	Excellent	Very Good	Good	Total
	Strength	Strength	Strength	
Ability to apply appropriate modern engineering tools& techniques essential for engineering practice	5	13	2	20
Ability to apply engineering knowledge to solve complex real world problems	8	12		20
Ability to apply fundamentals of engineering sciences for problem identification thorough analysis and literature review	11	8	1	20
Ability to comprehend and perceive the impact of engineering solutions in a global, economic, environmental and societal context.	4	16		20
Ability to design a system or process that meets requirements within real-world constraints	18	2		20
Ability to identify the needs for technological development and to engage in life-long learning	7	11	2	20
Ability to investigate complicated engineering problems through a systematic approach such as literature review, design and conduct experiments, analysis	5	15		20
Ability to understand ethical and professional responsibilities	6	12	2	20
Ability to understand the impact of engineering solutions in a global, societal & environmental context and demonstration knowledge for sustainable development	12	7	1	20
Ability to work effectively as an individual on in a team	8	11	1	20
An ability to communicate effectively using written and verbal skills	4	16		20
An ability to demonstrate project management skills in a multidisciplinary environment	7	13		20
	95	136	9	240
